About me

Having around 8+ years of experience in web development, I have hands-on experience on various technologies like Angular, Nx, React, NextJS, Flutter, and ASP.NET MVC. Although started as full-stack developer, I prefer to be a front-end developer, as I always focus on *cleaner*, *easy-to-use interfaces* which makes our user's journey a happy one.

Work Experience

SENIOR SOFTWARE ENGINEER; F5, INC; BANGALORE, INDIA – 2022-PRESENT

Working on F5XC Console platform. Majorly focused on SaaS features, developer experience (DX) improvements, and stability of the platform.

SOFTWARE ENGINEER III; F5, INC; BANGALORE, INDIA – 2020-2022

Worked on F5XC SaaS division and also on the brand website, documentation portals etc. Majorly used Angular and React/Gatsby for front-end development.

SENIOR SOFTWARE ENGINEER; VOTERCIRCLE, INC.; BANGALORE, INDIA – 2019-2020

Worked on developing OutreachCircle platform, which is an entirely new, research-based approach of connecting with voters by utilising the supporter's personal contact book. Here, we are using Angular, React, Flutter, NextJS for various apps along with GraqhQL.

SENIOR SYSTEMS ENGINEER; INFOSYS LTD.; BANGALORE, INDIA – 2018-2019

Worked primarily on CPQ solution for an Agro-Tech company, based on ConfigIt. I was taking care of front-end app, which has to be used by dealers, customers, and guest users on desktop-web, mobile-web, and mobile-app. Tech stack used was Angular, React, .net Core, and related SAP products.

SYSTEMS ENGINEER; INFOSYS LTD.; BANGALORE, INDIA – 2016-2018

Worked primarily on analytical tool for a leading Aerospace company. Entire presentation layer was re-written using ASP.NET MVC, jQuery, and Bootstrap in the span of 8 months.

Education

Visvesvaraya Technological University – *Bachelor of Engineering*, Passed with first class (70.01%), 2015

Top Skills

TypeScript, JavaScript, React, Angular, CSS3, Sass, Webpack.
